The Warranty is applicable to the original owner only.

In accordance with the warranty terms and conditions specified below.

Lumos (the warrantor) will furnish the original owner with a replacement SolarTank of equivalent size and current model or a replacement for any SolarTank component which fails.

The warranty period is determined by the original date of purchase of the tank or, in the absence of a bill of sale, from the date of manufacture indicated by the serial number.

Conditions & Exceptions

This warranty is only applicable when the tank is installed and operated accordance with:

- 1) All local fire and plumbing codes and regulations.
- 2) Good industry practices
- 3) Proper safety practices such as but not limited to a properly sized drain in areas where tank leakage would result in damage to the areas adjacent to the tank.

The warranty shall apply only when the SolarTank is:

- Installed for indoor operation only.
- Sized according to proper sizing techniques for residential water heaters.
- Installed with no modification or alteration of the tank's design in any way, including the attachment of non-company approved appliances or equipment.

This warranty does not cover SolarTanks replaced for cosmetic reasons.

Service and Labor Responsibility

Under this warranty, Lumos will provide only a replacement tank or tank component. The tank owner is responsible for all other costs, such as but not limited to:

- 1) Labor for service, removal, or reinstallation of the tank or tank components.
- 2) Shipping and handling charges for delivery of replacement tank or components from the nearest distributor and returning the defective tank or components to such distributor.
